ELCX Winners Circle 120W is sired by the great Angus sire GAR Predestined and goes back to one of the first big time donors to ever step foot onto the Edwards program, DEDO High Hopes 012H. 120W is homozygous for both traits, extremely big footed, sound in her movement and very appealing in her profile. She has earned a 1.3 for birth, 93 for yearling weight, 29 for milk and .41 for marbling. This young donor is so feminine up through her head and neck and is very long and level down her top and square out of her hip. We love and admire her footsize, softness in her pasterns and her strong stance. Also selling will be 3 embryos sired by the leading sire EBFL Ypsilanti 420Y. - A.I. 1.18.13 to MAGS Payday; P.E. 1.20.13 to 5.02.13 to TW Fire N' Ice
- Owned with Jepson Limousin, Franklin, KY
- In our breed if you want to add carcass numbers and doing ability to her program then just consider well bred 25% Lim-Flex cattle. This young female is a prime example of that statement. She is a daughter of the Express Ranches Angus sire EXAR Sundance 6216. He is a son of BR Midland from a daughter of Bon View New Design 1407. This '10 model female posts a -0.9 for birth, 96 for yearling weight, 27 for milk and a breed leading .58 for marbling and 61 for MTI. We love the femininity and angularity of EXLR Lisa 8223X. She is extremely long bodied, level and square out of her rump and very well structured. This female has so much going in her favor and we are certain that she will make a positive impact in whatever program she goes into. She is an easy cow to mate. She is currently bred to the MAGS Payday or TW Fire N' Ice which are both 75% Lim-Flex and her resulting calves will be 50% Lim-Flex which is perfect for the market place. Also selling will be 4 embryos sired by AUTO Will Power 160X. He is huge numbered son of GAR Predestined from the famed AUTO Rebeca 292S and half interest in him was purchased at \$35,000 by Edwards Land & Cattle Co. from Pinegar Limousin.

- P.E. 6.01.13 to 8.01.13 to AUTO Will Power 160X
- MAGS Sarafina could easily be one of the very best purebred donor cows in our breed. She is a daughter of EXLR Excellante 251L that continues to amaze us all with her producing ability. Here recently her daughters have been a hot ticket in the market place.
- This proven donor for a purebred is a true over achiever. She is massive in her foot and extremely big boned. We love her strong stance, feminine front end, strength of top and added thickness that she has. Her mating to the popular Lim-Flex sire AUTO Will Power 160X will result in something we think will be very, very promising. Will Power is moderate, deep bodied and very sound and when mated to the stout made, thick and heavily muscled donor MAGS Sarafina will result in a very appealing calf. Selling split off at the sale will be her February '13 bull calf sired by the LVLS Yukon 798Y. He was the '12 Lonely Valley Bull Sale top seller at \$20,000 to Milam Cattle Co., Olmstead, KY and a son of MAGS Unhooks from a daughter of Bon View New Design 1407.
